Dear Mr. Tilak Vijay Jogaraj,

We at Oxfam India would like to extend our gratitude to you for your donation to us.

It is really important for us to have a supporter who can contribute, with an understanding of the values and goals that Oxfam India promotes. Most of our projects are long-term, and with your special commitment to help people in India find long-lasting ways of working themselves out of poverty, we can plan our projects with confidence.

We believe that poverty is a state of powerlessness, in which people are unable to exercise their basic rights.

You can read more about Oxfam India's work in India on our website: www.oxfamindia.org. We hope to update the site regularly, to keep you informed about our work, and how your contribution is helping us in our efforts to provide for those rights. We shall be pleased to send you regular updates about our activities. We hope you enjoy reading about Oxfam India's work.

Once again from all of us at Oxfam India - thank you very much for your contribution.

With best wishes,

DEEPA GHOSH
